1. Dashboard Overview

The dashboard will come here

2. User Login and Access

The **Telecom Monitoring System (TMS)** is an internal web-based platform designed for monitoring telecom operations, including traffic, revenue, and Quality of Service (QoS) insights. This system is accessible only within the organizational intranet environment and is intended for authorized personnel.
The platform provides a centralized dashboard to ensure efficient monitoring, reporting, and operational visibility for telecom regulatory and operational activities.

2.1 Access Information

- The system is accessible **only via NOC room intranet**.
- Users must have **authorized credentials** to log in.
- Unauthorized access is strictly prohibited.

2.2 User Registration

Important Notice: User registration is **not self-service**.
User registration is **not self-service**.
For new user account creation, please contact: TMS NOC Room Administrator

Provide the following details:

- Full Name
- Official Designation
- Department
- Official Email Address
- Contact Number

The administrator will create and provide login credentials after verification.

2.3 Login Instructions

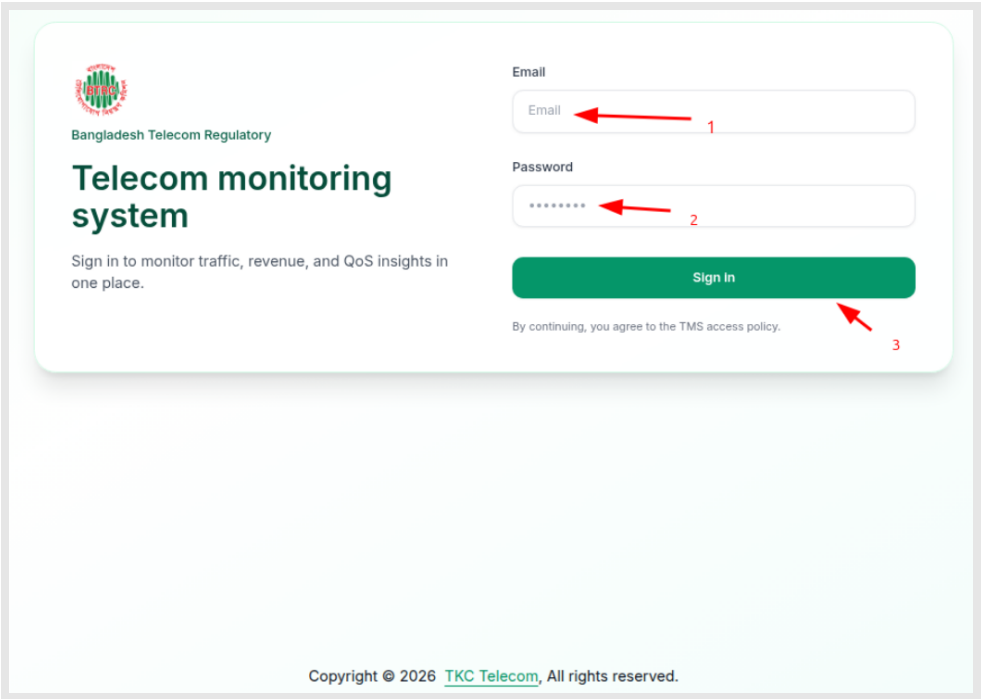

Figure 1: user login

To access the system:

1. **Enter Email:** Input your **registered official email address** in the Email field.
2. **Enter Password:** Enter your **assigned password** securely.
3. **Sign In:** Click on the **"Sign In"** button to access the system dashboard.

2.4 Disclaimer

This system is the property of the organization and is intended strictly for **authorized users only**.

- All activities performed within the system are **monitored and logged**.
- Unauthorized access, misuse, or data manipulation is strictly prohibited and may result in **disciplinary and legal action**.
- Users are responsible for maintaining the confidentiality of their login credentials.
- The organization reserves the right to **restrict or revoke access** at any time without prior notice.

By logging into the system, you acknowledge and agree to comply with all applicable policies, security guidelines, and regulatory requirements.

2.5 Security Guidelines

- Do not share your password with anyone.
- Always log out after completing your session.
- Report suspicious activities immediately to the `TMS NOC Team`.
- Use strong passwords and update them periodically.
